The screenshot shows a Windows desktop environment with a taskbar at the bottom. The desktop background is dark grey. On the left side, there is a vertical column of icons. The icon for 'EWA net(admin 12345)' is highlighted with a red rectangular box. The browser window, titled 'EWA login - Windows Internet Explorer', is open to the URL 'http://localhost:9000/EWA-net/Login/trySSO.do'. The browser's address bar shows the URL. The page content includes the Mercedes-Benz logo and the text 'EPC, W'. Below this, there is a green header for 'System check' with three green checkmarks indicating that the supported versions of Java Webstart, Internet Explorer, and Windows are found. A message states 'EPC, WIS/ASRA is completely supported. Additional functionalities are available under Download.' At the bottom of the page, there is a login form with 'User: admin' and 'Password: 12345' (the password is masked with dots). There are 'Log in' and 'Forgot password?' buttons. The server information 'Server: STAR4371 (127.0.0.1)' is displayed at the bottom right of the page.

The screenshot shows a Windows desktop environment with a web browser window open. The desktop background is dark grey with various icons for applications like Alcohol 52%, DAS, Info, EWA net, PL 67, Starfinder, SD EXPLORER, TeamViewer, SDMEDIA, Xentry Simulation, Star Browser, Xentry Stop, STAR UTILITIES, and D A S SIM.

The browser window is titled "Edit the access authorization - Windows Internet Explorer" and shows the URL `http://localhost:9000/EWA-net/Admin/serverlicense.do;jsessionid=A3B0ADA813F52F0A89C893C769`. The page content includes the Mercedes-Benz logo and a warning message: "One of the server access authorizations is invalid. Please check the access authorizations."

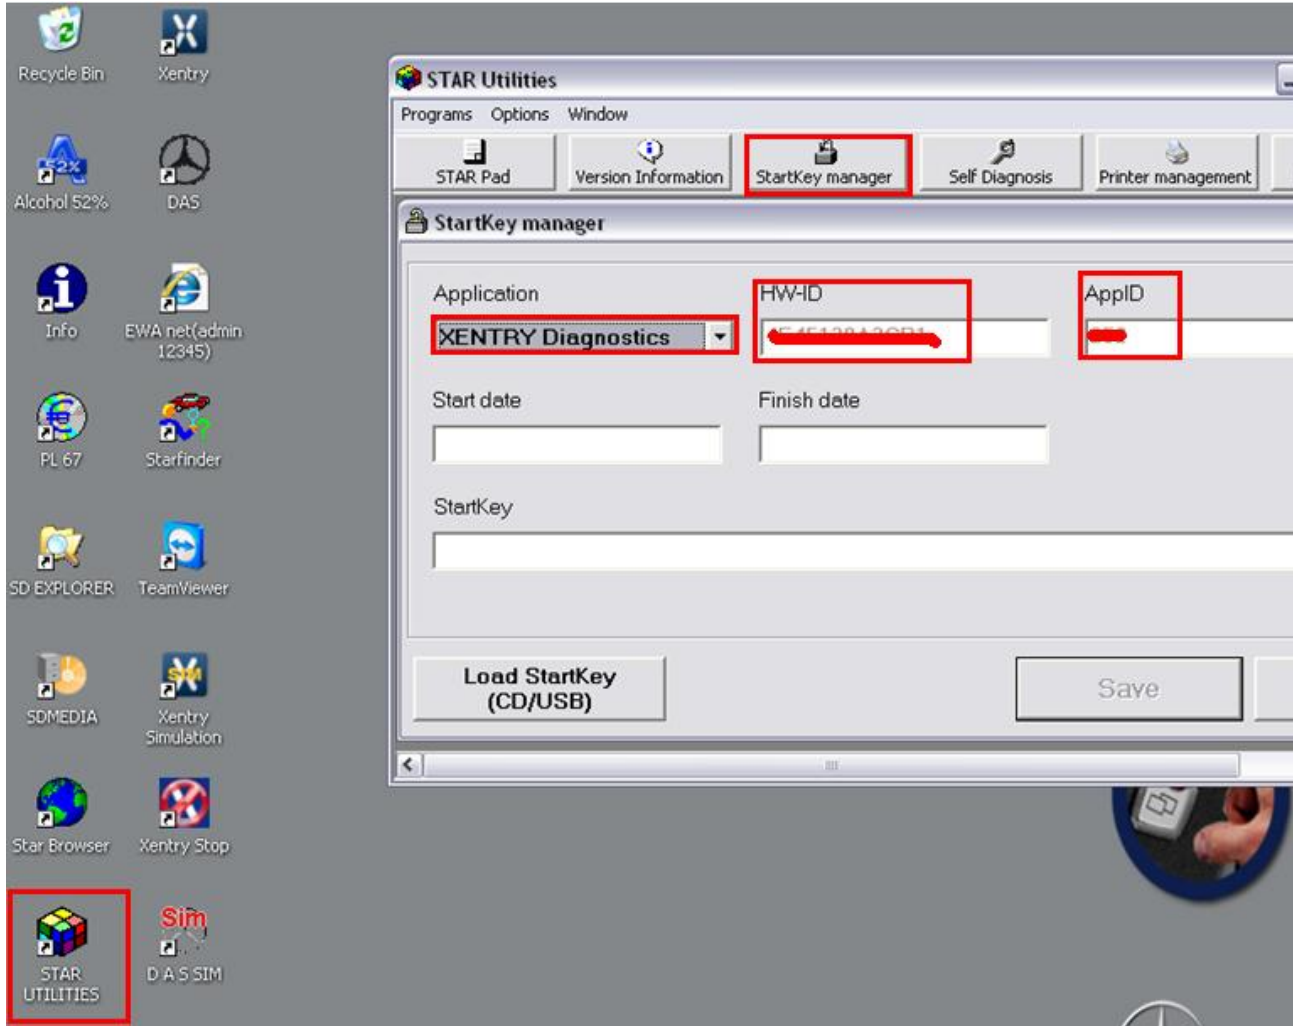

The main content area is titled "Server Edit the access authorization" and contains the following fields:

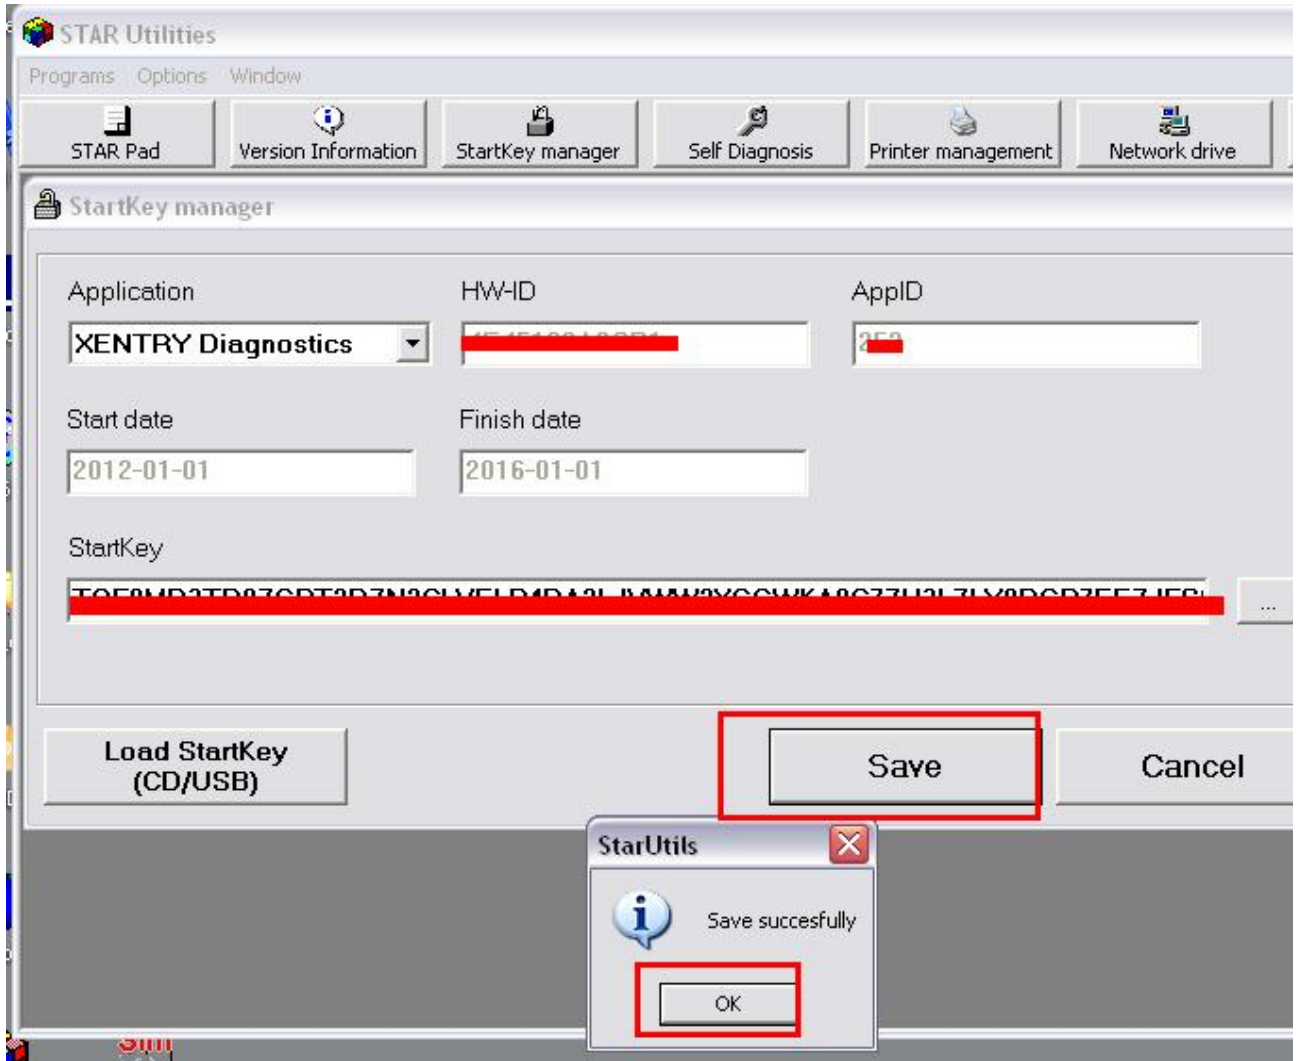

- Current MAC address (LAN-ID): **AZ0D29A0330E** (highlighted in red)
- EPC: [Empty text box]
- StartKey: [Empty text box]
- Valid:
- WIS/ASRA: [Empty text box]
- StartKey: [Empty text box]
- Valid:

At the bottom right of the form are buttons for "Save", "Reset", and "Cancel". The footer of the page reads "Welcome: admin | Server: STAR4371 (127.0.0.1) | E".

The screenshot shows a web-based interface for editing access authorization. The top navigation bar includes 'Favorites', 'Edit the access authorization', and a 'Home' button. The main header features the Mercedes-Benz logo and the text 'Mercedes-Benz'. A left sidebar menu is titled 'Programs' and contains several expandable sections: 'My profile' (with sub-items: Basic preferences, Advanced preferences, Received messages, Sent messages), 'Administration' (with sub-items: Server, Workshop, Group, User, Message), 'Download', and 'Documentation' (with sub-item: for administrators). The 'Server' sub-item is currently selected. The main content area is titled 'Server' and 'Edit the access authorization'. It displays the following information: 'Current MAC address (LAN-ID):' followed by a redacted value; 'EPC:' followed by a redacted value; 'StartKey:' followed by a redacted value; 'Valid:' with a checked checkbox and a 'Show access authorization' button; 'Bit string:' followed by a long binary string; 'Valid until:' followed by the date and time '01.01.2016 23:59'; 'Local installation:' with a checked checkbox; 'User:' followed by '0 of 3'; and another 'Show access authorization pool' button. Below this, the 'WIS/ASRA:' section shows a redacted 'StartKey:' and another 'Show access authorization' button. The footer of the interface displays 'Welcome: admin | Server: STAR4371 (127.0.0.1) | EWA ve' and an 'Internet' icon.
